

Chairman's Report For February:-

Due to my lack of time I have decided not to go ahead with Mayors Ball.

The Pension Workshop was a fantastic success and received positive feedback from Head Levels of DWP and PO. Over 30 residents attended and 4 opened bank accounts on the spot. Hopefully Tuesday's will be just as good a response and a success.

Attended Public Meeting on Save Recycle Centre and attended photoshoot last week with school children.

Attended meeting with Owain Consultants Re Whitland Growth.

Raised concerns with County Councillor and Clerk during Storm Dennis on levels of water rising at and attended St David's Avenue at 8.30 and 12 pm to show our commitment to them during a major issue.

Also passed on concerns Re tree's damaged over River Taf with potential to completely snap and cause blockage in new bridge. One arch already blocked on old bridge and passing on train yesterday it would appear that flood gate at River Gronw exit on Dairy Site is also full of branches and debris.

Assisted Police from Gwent in search for person missing since October 2019. Used local camera to identify and passed Clerk's information on in case of need to access WTC cameras.

Invite received to WMVC Patrons Concert and opening of Bowls Club.
